## Conference Outline

MECHEDU was born in the frame of IPA cross-border program with the aim of promoting activities in various areas of mechatronics by providing a forum for exchange of ideas, presentation of technical achievements and discussion of future directions.

The first MECHEDU conference in 2011, aroused much attention and positive feedback from the participants. Therefore, the representatives of Subotica Tech and Faculty of Technical Sciences from Serbia, together with F-AR and Mechatronik Plattform from Austria, agreed to jointly organize this conference in the future.

We hope that the MECHEDU 2013 Conference will bring together an international community of experts from the region to discuss the state-of-the-art, latest research results, perspectives of future developments, and innovative applications relevant to mechatronics.

## Important Dates

Abstract submission deadline: 10<sup>th</sup> Sept. 2013  
Paper submission deadline: 30<sup>th</sup> Sept. 2013  
Notification to Authors: 15<sup>th</sup> October 2013

The conference fee for students (BSc and MSc) is 60€.

## Conference Venue

Subotica, Serbia

## Topics of Interest

(including, but not limited to)

- Advanced Manufacturing
- Didactic Equipment for Mechatronics
- Education in Mechatronics Engineering
- Human-Machine Interface
- Industry Applications
- Information Technology
- Intelligent Systems
- Intelligent Control
- Intelligent Transportation Systems
- Modeling and Design
- Machine Vision
- Micro-Electro-Mechanical Systems
- Robotics and Mobile Platforms
- Sensors and Actuators and Networks
- Control Management
- Management in Mechatronics
